

GARFIELD PARK NEIGHBORHOOD MARKET SPONSORSHIP FORM

The Garfield Park Community Council is proud to lead one of Chicago's most unique farmers markets. Located at Kedzie and Lake Street, our Market features fresh produce and other goods grown on Chicago's West Side. Every tomato, cucumber, pepper, squash, onion, and bunch of greens comes from community gardens in our neighborhood. Market vendors also sell artisanal jams, pickles, honey, and pastries. An official City of Chicago farmers market, the Garfield Park Neighborhood Market has grown to serve more customers each year – more than 750 in 2017! The Market accepts food stamp benefits and incentives, as well as senior and WIC coupons, so that all Garfield Park residents can benefit from healthy local foods.

PLEASE JOIN US by becoming a Market sponsor today! Sponsorships help cover operational costs, such as materials, publicity, equipment, and staff time. Sponsors also support local teens interning in local community gardens and on site at the Market, as well as food demonstrations, wellness education, local entertainment, and community activities. All sponsors will receive extensive name exposure and visibility both through social and print media and before the hundreds of patrons we expect this season!

Sponsor Levels and Benefits:

Grower: up to \$500 Brand name will be added to postcards, flyers, social media and website

Community Builder: \$1,000 Above benefits + logo placement in the e-newsletter

Sustainability Leader: \$2,500 Above benefits + logo placement in print materials
